

MSWE Student of the Year 2010

Kathryn Foot

'Undertaking the MSWE qualification has really helped me in my role as Work Experience Adviser. It has provided me with the tools to do my job correctly, I now understand career theories and have the knowledge and confidence in knowing what I am doing, saying and delivering is right.

It has given me more kudos within my working environment, colleagues in careers are confident in my dealings with students and academic staff know I have knowledge with regards to the learning process. It is hard work but the content is in line with my actual job so you can really see the benefit of doing it and doing it well!

On a personal level I have proved to myself that I still have it! I can write an academic essay or a reflective journal and achieve good grades, as a full time working mother with three kids I think I am proof that this qualification can be fitted in to a hectic lifestyle!'

Kathryn Foot, MSWE Student of the Year 2010
